

25th
Anniversary

Same-Day Surgery

Covering Hospitals, Surgery Centers, and Offices for More than 25 Years

Accreditation

AAAASF revisions simplify some requirements, APR:Suppl 3
 AAAHC accreditation conferences coming up, APR:Suppl 4
 Are you among those who don't always label containers on a sterile field? JUL:73
 Be aware of fuel sources, ignition to reduce fire risk, APR:Suppl 1
 Competency assessment ranks high in survey — Providers not documenting competence properly, JUL:Suppl 3
 Confirm medications as well as their labels, JUL:76
 Fire drills alone won't meet AAAHC requirement in 2005, JAN:Suppl 1 (Also see *Correction*, FEB:23)
 How can administrators ensure medication safety? JUL:77
 Impostors could target hospitals for terrorism — Beware of anyone posing as JCAHO surveyors, JUN:64
 Impostors show up, but flee when challenged, JUN:67
 Improve patient safety with updated H&Ps, clean handoffs, OCT:Suppl 1
 JCAHO 2006 National Patient Safety Goals, JUL:Suppl 2
 JCAHO expectations for 2006 patient safety goals, SEP:107
 Joint Commission's 2006 National Patient Safety Goals address communications and medication

safety, JUL:Suppl 1

Make sure your staff are ready if fire breaks out, APR:Suppl 3
 Less anesthesia, careful scheduling boost efficiency — Study offers insights from best performers, DEC:139

More info is best when handing off patients, OCT:Suppl 3
 One year to prepare for annual self-assessments, JAN:Suppl 2
 What do surveyors look at? Your peers fill you in, JAN:Suppl 3
 What to expect from a (real) Joint Commission surveyor, JUN:65
 Wrong-site protocol is more than one year old, but problems mount, NOV:121
 You must use vigilance when checking visitors' IDs, JUN:66
 You never forget a wrong-site surgery, DEC:138

Anesthesia

Anesthesiologists: Brain monitors aren't standard, DEC:136
 Summary of Practice Advisory for Intraoperative Awareness and Brain Function Monitoring, DEC:137
 The right parent calms a child — Look for steady, reassuring manner, DEC:141

Cost containment (Also see *Finances and Medicare*)

How your program can save on educational costs, MAR:32

Ongoing education keeps awareness of scope repairs up, costs down, FEB:17

Save your program money: Shop at department stores — Center saves thousands on equipment, JUL:77

Scope repair costs cut by \$12,000 in one center, FEB:16

Start with simple steps to cut procedure costs (knee arthroscopy with meniscectomy), NOV:123

Disaster preparedness and response

After hurricane, facilities reinstate staff, schedules — Hospitals convert to hotels and day cares for staff, NOV:125

After the storm passes, what do you do next? OCT:112

Guns and generators: Surgery programs handle Hurricane Katrina's devastation, OCT:109
 Hazard Communication Program Manual (Excerpt), MAY:51, 52, 53

Hurricane provides valuable lessons, OCT:112

In wake of fine for chemical spill at surgery center, are you prepared? MAY:49

Outpatient surgery goes wherever the patients are — Katrina medical relief workers share stories, NOV:128

Physicians' relief efforts choked by bureaucracy, NOV:128

When looking for information on a specific topic, back issues of *Same-Day Surgery* newsletter may be useful. If you haven't activated your on-line subscription yet so that you can view back issues, go to www.same-daysurgery.com. On the left side of the page, click on "activate your subscription." You will need your subscriber number from your mailing label. Or contact our customer service department at P.O. Box 740060, Atlanta, GA 30374. Telephone: (800) 688-2421 or (404) 262-7436. Fax: (800) 284-3291 or (404) 262-7837. E-mail: ahc.customerservice@thomson.com.

Post-Katrina, surgery centers go to the rescue, OCT:113
Recent Chemical Spills in Outpatient Surgery, MAY:54
Three tips for better response to spills, MAY:53
What to do about supplies, equipment post-disaster, NOV:127

Documentation

Competency assessment ranks high in survey — Providers not documenting competence properly, JUL:Suppl 3

Equipment/supplies (Also see Laparoscopy/arthroscopy/endoscopy/sigmoidoscopy)

Anesthesiologists: Brain monitors aren't standard, DEC:136
Baxter recalls infusion pumps, SEP:107
Instrument improves bile duct explorations, JAN:8
Instruments cleaned with elevator hydraulic fluid, AUG:92

Journal Review: Association of

older age and female sex with inadequate reach of screening flexible sigmoidoscopy, JAN:10

Ongoing education keeps awareness of scope repairs up, costs down, FEB:17

Purchasing of presbyopia-correcting IOL clarified, JUL:80

Save your program money: Shop at department stores — Center saves thousands on equipment, JUL:77

Scope repair costs cut by \$12,000 in one center, FEB:16

Some reprocessed SUDs not equivalent, says FDA, JAN:10

What to do about supplies, equipment post-disaster, NOV:127

You can save money with supplies and equipment, APR:45

Finances (Also see Medicare)

ASCs lose thousands with payers' 'creative' reimbursement strategies, AUG:85

Centene pays \$9.5 million for outpatient surgery fees, NOV:131

Ensure clean claims for maximum payment, SEP:103

Failing SDS program? Address multiple causes, FEB:19

Follow 3 suggestions to receive

proper payments, AUG:87
GAO report on hospital and ASC costs is delayed, JAN:7
Improve collections with info and communication, APR:43
Insurer says facilities won't get paid when serious adverse events occur, JAN:1

Know your modifiers to ensure clean claims, SEP:104

New payment system to be proposed for ambulatory surgery centers, NOV:121

Perform financial analysis before adding cases, SEP:102

Plan carefully before adding new procedures, SEP:100

Some centers resort to taking legal action, APR:39

Surgery centers report financial benchmarks, SEP:105

Surgery centers to payers: We are not going to take it any more! APR:37

Wage index values deferred for 2006, NOV:130

Freestanding centers (Also see Medicare and Surgical Hospitals)

AAASC creates new state advocacy program, JUL:81

ASCs lose thousands with payers' 'creative' reimbursement strategies, AUG:85

Association touts savings with ASCs, MAY:58

By end of year, GAO to complete ASC report — FASA president offers Medicare update, JUL:79

FASA releases new benchmarking data, AUG:95

Largest centers report lowest operating cost, APR:45

PA agrees to allow some lap procedures, MAY:59

Some centers resort to taking legal action, APR:39

Surgery center inspections compared to taco trucks and come up short, SEP:97

Surgery centers report financial benchmarks, SEP:105

Surgery centers to payers: We are not going to take it any more! APR:37

Health Insurance Portability and Accountability Act (HIPAA)

CMS releases first of 7 security

white papers, FEB:23
CMS releases tips for HIPAA risk analysis, OCT:Suppl 4
Federal office addresses HIPAA privacy question, JUL:83
Free help now available with HIPAA security rule, JAN:11
HIPAA Q&A: Compliance, risk analysis, review of security rule compliance, MAR:30
HIPAA Q&A: Deadlines, noncompliance, compliance plan, FEB:22
HIPAA Q&A: Separate policy book, physical safeguards, PHI and credentialing/peer-reviewed activities, JUL:82
HHS looks at changes to HIPAA enforcement, JUN:71
2 free HIPAA resources available on the web, JUL:83

Hospital-based programs

After hurricane, facilities reinstate staff, schedules — Hospitals convert to hotels and day cares for staff, NOV:125

Centene pays \$9.5 million for outpatient surgery fees, NOV:131

4 patient safety centers target ambulatory surgery, MAR:33

GAO report on hospital and ASC costs is delayed, JAN:7

HCA nears completion of systemwide eMAR (electronic medication administration), OCT:Suppl 1

Hospital cuts sharps injuries in the OR, APR:40

Impostors could target hospitals for terrorism, JUN:64

Keystone project yields results in six months — Hospital achieve significant improvements in ICU care, APR:Suppl 1

Medicare to increase hospital rates by 3.2%, SEP:99

Proposed Procedure Codes to Remove from Inpatient List and Proposed APC Assignment, SEP:100

3.7% HOPD increase also could affect ASCs, DEC:136

Infection control

Alcohol-based skin preps receive NFPA approval, OCT:119

CMS approves the use of alcohol hand rubs, MAY:59

Some reprocessed SUDs not equivalent, says FDA, JAN:10

Laparoscopy/arthroscopy/endoscopy/sigmoidoscopy

After 500 outpatient lap bans, <1% admissions, AUG:85
Discharge instructions, level of pain improve — Knee arthroscopy study yields benchmarks, JUN:69
Journal Review: Association of older age and female sex with inadequate reach of screening flexible sigmoidoscopy, JAN:10
Note contraindications, complications for lap ban, AUG:90
Ongoing education keeps awareness of scope repairs up, costs down, FEB:17
PA agrees to allow some lap procedures, MAY:59
PA surgery centers given lap case restrictions, JAN:9
Scope repair costs cut by \$12,000 in one center, FEB:16
Staff education reduces risk of bariatric surgery, AUG:91
Start with simple steps to cut procedure costs (knee arthroscopy with meniscectomy), NOV:123

Management [Also see Cost containment, Disaster Preparedness and Response, Finances, Health Insurance Portability and Accountability Act (HIPAA), Patient Satisfaction/Public Relations, Quality improvement/Quality assurance/Benchmarks, Regulation, Salary/Career, Staffing/Staff Satisfaction, and Surgeons]

Answers to outpatient surgery questions (administrator must be a registered nurse? borrowing supplies/equipment, surgeons using outside scrub nurses, total knee replacements in surgery center), AUG:94
Answers to your questions about job responsibility, JAN:7
Can your facility shine? 14 ways to stand out, NOV:129
Cell phones, rude staff, other problems addressed (including computers in physician lounge and vacations during peak times), SEP:103
Contracting tips — How to succeed, JUN:68

How are OR managers spending their time? MAR:31
How to improve your surgeon utilization, APR:42
How you can address clutter in your facility, FEB:21
Increase cases from 250 to 350 per month, FEB:20
Low-cost ideas boost your community image, MAR:28
Reader Question: Should staff wash their OR attire at home? APR:47
Surgery center provides new hernia operations, MAR:29
Surgery managers sing the governing body blues, MAY:55
10 warning signs your facility may not make it, OCT:117
The view from 30,000 feet is better than at sea level — Tips for using a global view to make decisions, DEC:142
What doctors are saying, and why they are leaving — Hospitals have been slow to respond to surgeons, JUL:30

Medicare (Also see HIPAA)

Association touts savings with ASCs, MAY:58
By end of year, GAO to complete ASC report — FASA president offers Medicare update, JUL:79
CMS adds 25 procedures, deletes 100 from ASC list, JAN:4
CMS approves the use of alcohol hand rubs, MAY:59
CMS makes corrections to final rule on ASC list, AUG:95
Final Additions to the ASC List, Effective July 2005, JUN:63
Final List of Codes Deleted from the ASC List, JUN:62
Medicare to increase hospital rates by 3.2%, SEP:99
Proposed Procedure Codes to Remove from Inpatient List and Proposed APC Assignment, SEP:100
Purchasing of presbyopia-correcting IOL clarified, JUL:80
Success for surgery centers! Deletions to ASC list reduced from 100 to five, JUN:61

New Procedures and Programs (Also see Laparoscopy/arthroscopy/endoscopy/sigmoidoscopy and Surgeons)
After 500 outpatient lap bans, <1%

admissions, AUG: 85
Journal Review: Early mortality among Medicare beneficiaries undergoing bariatric surgical procedures, DEC:142
Note contraindications, complications for lap band, AUG:90
Perform financial analysis before adding cases, SEP:102
Plan carefully before adding new procedures, SEP:100
Staff education reduces risk of bariatric surgery, AUG:91

Nurses

New booklet targets nurse liability in the OR, JAN:11

Patient safety (Also see Infection Control and Risk Management)

66% of consumers talk to surgeons to reduce risk, MAR:34
Guns and generators: Surgery programs handle Hurricane Katrina's devastation, OCT:109
Impostors could target hospitals for terrorism — Beware of anyone posing as JCAHO surveyors, JUN:64
Impostors show up, but flee when challenged, JUN:67
Improve patient safety with updated H&Ps, clean handoffs, OCT:Suppl 1
JCAHO 2006 National Patient Safety Goals, JUL:Suppl 2
JCAHO expectations for 2006 patient safety goals, SEP:107
Joint Commission's 2006 National Patient Safety Goals address communications and medication safety, JUL:Suppl 1
More info is best when handing off patients, OCT:Suppl 3
Safety goal compliance info available on web, JAN:10
Small hospital makes big strides in safety, JUL:Suppl 1
Surgery center inspections compared to taco trucks and come up short, SEP:97
What to expect from a (real) Joint Commission surveyor, JUN:65
You must use vigilance when checking visitors' IDs, JUN:66

Patient satisfaction/Public relations
Reduce chaos to see satisfaction scores rise, MAY:56

Pediatrics

- Less anesthesia, careful scheduling boost efficiency — Study offers insights from best performers, DEC:139
- The right parent calms a child — Look for steady, reassuring manner, DEC:141

Plastic surgery

- After 500 outpatient lap bans, <1% admissions, AUG:85
- Journal Review:* Early mortality among Medicare beneficiaries undergoing bariatric surgical procedures, DEC:142
- Lifestyle factors can be risk for cosmetic surgery, JAN:11
- Note contraindications, complications for lap band, AUG:90
- Staff education reduces risk of bariatric surgery, AUG:91

Quality assurance/quality improvement/benchmarks

- Cataract study documents benefits of preparation, APR:46
- FASA releases new benchmarking data, AUG:95
- Good studies take all shapes and sizes, OCT:116
- Minimal anesthesia, careful scheduling mean quick surgeries — Myringotomy study offers insights from best performers, DEC:139
- PI studies that reflect problems more credible, OCT:114

Regulation (Also see HIPAA)

- AAASC creates new state advocacy program, JUL:81
- By end of year, GAO to complete ASC report — FASA president offers Medicare update, JUL:79
- GAO report on hospital and ASC costs is delayed, JAN:7
- Some reprocessed SUDs not equivalent, says FDA, JAN:10
- Surgery center inspections compared to taco trucks and come up short, SEP:97

Risk management/Medical errors (Also see Infection Control and Patient Safety)

- Are you among those who don't always label containers on a sterile field? JUL:73

As obesity rates rise, providers ask: How obese it too obese for outpatient? MAR:25

- Be aware of fuel sources, ignition to reduce fire risk, APR:Suppl 1
- Breast implant surgery is safe in outpatient settings, JUN:70
- CMS releases tips for HIPAA risk analysis, OCT:Supplement 4
- Confirm medications as well as their labels, JUL:76
- Follow up and track patient complications, FEB:15
- 4 patient safety centers target ambulatory surgery, MAR:33
- Have a problem physician? Your program is liable, even with nonemployees, DEC:133
- Hazard Communication Program Manual (Excerpt), MAY:51, 52, 53
- HCA nears completion of systemwide eMAR (electronic medication administration), OCT:Suppl 1
- Hospital cuts sharps injuries in the OR, APR:40
- How can administrators ensure medication safety? JUL:77
- If surgery patients call back following discharge, do staff know their limits? FEB:13
- Instruments cleaned with elevator hydraulic fluid, AUG:92
- Insurer says facilities won't get paid when serious adverse events occur, JAN:1
- In wake of fine for chemical spill at surgery center, are you prepared? MAY:49
- Keystone project yields results in six months — Hospital achieve significant improvements in ICU care, APR:Suppl 1
- Make sure your staff are ready if fire breaks out, APR:Suppl 3
- New booklet targets nurse liability in the OR, JAN:11
- Recent Chemical Spills in Outpatient Surgery, MAY:54
- Serious Reportable Events, JAN:3
- Teaching/learning packets engender culture change, JAN: Suppl 1
- Three tips for better response to spills, MAY:53
- Wrong-site protocol is more than one year old, but problems mount, NOV:121
- You never forget a wrong-site surgery, DEC:138

Salary/Career

- Outpatient surgery employees want honest, communicative, and responsible leaders, NOV:Suppl 1

Staff education

- How your program can save on educational costs, MAR:32
- In wake of fine for chemical spill at surgery center, are you prepared? MAY:49
- Ongoing education keeps awareness up, costs down, FEB:17
- Staff education reduces risk of bariatric surgery, AUG:91

Staffing/staff satisfaction

- Cell phones, rude staff, other problems addressed (including computers in physician lounge and vacations during peak times), SEP:103
- Have a problem physician? Your program is liable, even with nonemployees, DEC:133

Surgeons and Office-based surgery

- Have a problem physician? Your program is liable, even with nonemployees, DEC:133
- How to improve your surgeon utilization, APR:42
- NY panel to target the safety of office surgery, OCT:118
- Perform financial analysis before adding cases, SEP:102
- Plan carefully before adding new procedures, SEP:100
- 66% of consumers talk to surgeons to reduce risk, MAR:34
- What doctors are saying, and why they are leaving — Hospitals have been slow to respond to surgeons, JUL:30

Surgical hospitals

- MedPAC to recommend extension of moratorium, MAR:34
